**to challenge and equip  
ambassadors for Christ to  
communicate truth with  
integrity and grace**

We welcome new families to participate in clubs and competition, and we rely on the generosity of sponsors, facility hosts, donors, and volunteer judges to give our students valuable feedback. Visit us online at [NCFCA.org](http://NCFCA.org) to find out how you can join us in action.

“[My children have] learned more in two years than I've learned from probably 20 years...very slow and very painfully in corporations. They've come out of their shells. They're just comfortable speaking, and it's exciting. It's going to help them in their careers, but it's [also] going to help them in defending their faith. So it's just got so much value. They've grown so much, and they've made friends, lifelong friends.”

“When I first started speech and debate, I was terrified of doing this new thing...but I can say...as a senior in high school, I am not the same person that I once was when I first started out. The community is focused on God's glory, and we're all encouraging each other. I can say that I now have the courage to communicate with others and show them God's love in a way that I never was able to before.”

CHRISTIAN SPEECH & DEBATE

**COMMUNICATION  
THAT OPENS DOORS**

## Why NCFCFA?

We help teens learn real-world communication skills that equip them for life. Students who engage with us become poised speakers, curious researchers, and resilient advocates for a biblical worldview. They build wisdom and character from constructive feedback and develop the critical thinking abilities necessary to understand and speak into our culture with compassion and integrity.

## Speech

Multiple speech events range from expository to dramatic and from fully prepared in advance to topics drawn in the competition room. Each kind of speech challenges students to learn new ways to connect with an audience.

## Debate

Our two debate styles help students learn to support and defend ideas within the bounds of a specified value or policy topic for the season. They learn to listen well, think on their feet, and argue graciously.
